CITY VISITED BY HEAVY RAINSTORM

Nothing New in the Fever Situation at New Orleans.

GOOD REPORTS FROM COUNTRY

Arrangements for the Visit of President Roosevelt Are Being Completed. Superintendent of Public Schools Returns and Is Preparing for Opening.

New Orleans, Sept. 28.—Up to noon today there were 8 cases of yellow fever and 4 deaths reported.

New Orleans, Sept. 28.—Rain continued to fall during most of the day. Many sections of the city were under water owing to the interruption to drainage from the extensive excavations for public improvements that are in progress. In former years excavations were restricted in the summer time for fear of spreading yellow fever and other diseases, but science is responsible for the changed conditions.

There was little new in the fever situation, the weather conditions interfering generally with outdoor work.

The detention camps through which laborers are going to the sugar plantations are now practically ready for the incerased demands that will be made upon them. The heavy movement will begin next week.

Superintendent Easton has returned from Chicago for the opening of the public schools.

He expects a large enrollment in spite of the fever situation, which has kept many pupils out of town.

Heavy Rainstorm Visits City.

The heaviest rainstorm that New Orleans has had for many weeks began today just before daylight. It rained steadily for more than two hours, completely flushing the gutters. How much damage was done to cistern screens it is difficult to say, but all the oil and a good deal of the salt in the gutters was washed away. Nevertheless, the fever fight is now considered to be so well in hand that even the creation of fresh breeding places for mosquitoes causes little uneasiness.

Unless there is an unexpected change, the present week promises to show plainly the results of the campaign against the fever with a material reduction in the number of cases, both new and under treatment. In this connection statistics of the deaths and cases by weeks since the fever began are interesting. They are as follows:

Weeks Ending.	Cases.	Deaths
July, 22	120	24
July 29	126	24
August 5	249	43
August 12	417	50
August 19	427	50
August 26	372	50
September 2	284	42
September 9	267	25
September 16	280	24
September 23	261	32

Reports from the country show a steady improvement in the situation in almost every direction, the fever manifestly being on the wane at all the points where it has been severe. There were only three deaths throughout the state in the past 24 hours.

Surgeon Von Esdorf has practically finished his work at Tallulah, but people there want him to remain during the rest of the week.

Dr. Devron, who has spent several weeks at Leesville, has returned, the fever there being under control.

There has been no spread of the fever at Kentwood in St. Tammany Parish, though several cases from New Orleans have developed there from time to time, there has not been a single case of secondary infection.

The plans arranged for the president's entertainment, if he comes here on Oct. 24, have been arranged with a view to his protection, and he will not be taken into any of the infected districts. He is to have a military and civic reception, to be escorted from his train to the city hall, where he is to make an address to the citizens, then taken to his hotel, where there is to be a banquet at night and the following morning he is to have a ride through the harbor on an ocean steamer before he boards his special train on his departure.

Three New Cases at Pensacola.

Pensacola, Fla., Sept. 28.—Only three cases of yellow fever reported at noon. One of these, Ben Thomas, night editor of the Pensacola Journal. City Editor Hayes' case was reported yesterday. It is expected that a number of cases will be reported this afternoon. Quite a number of suspicious cases are being reported today.

WANT REDUCTION IN HOURS.

Railway Employes Will Endeavor to To Get Shorter Work Day.

Chicago, Sept. 28.—The Tribune today says:

Preparations are under way for a concerted movement on the part of railway brotherhoods to secure a reduction of the present working hours for railway employes all over the country.

The move already has been discussed in the grand councils of the organizations. It is expected that it will assume definite form within the next two months.

The grievance comittees of many of the western railroads will gather in Chicago in December to discuss these changes in working conditions. At the same time the schedules governing wages and hours will expire on at least three of the western roads, the Northwestern, the Burlington and the St. Paul.

According to plans now laid, the opportunity will be seized to broach the proposition of the demands of the employes.

The present hours of work on the railroads range from 10 to 14, but in no case are they fixed. This is due to the nature of the employment.

The brotherhoods, it is said, have no intention of appealing for a limited work day. They have planned rather to seek a general reduction which shall be proportionate in all branches of the railroad service.

Express Messengers Fight Duel.

Decatur, Ills., Sept. 28.—John E. Ryan, of Chicago, Pacific express messenger on the Wabash train No. 13, due here at 3:13 a. m., and Ed Greene, also of Chicago, a former express messenger of late employment at Hammond, Ind., had a revolver duel in Ryan's car this morning all the way from Belmont to Decatur. Both men are seriously wounded. On arrival here Ryan was taken to the Wabash hospital and Greene to St. Mary's hospital. Both men may die from their wounds. Reports as to the cause of the encounter are conflicting.

Physicians Read Many Papers.

Detroit, Mich., Sept. 28.—Ten papers on medical and surgical problems in armies and navies constituted the program for the opening session of the second day of the fourteenth convention of the Association of Military Surgeons of the United States. Prominent among them was that read by Surgeon General S. Susuki, of the imperial Japanese navy upon the use of stretchers on board warships. General Suzuki's recent experiences in battle with Admiral Togo added interest and authority to his statements.

Marshal Kills Young Man.

Barnesville, Ga., Sept. 28.—Virgil Crawley, about 25 years of age, was shot and killed by William Carden, the town marshal of Milner. Crawley, who lives near Milner, was in town. When approached by the marshal and told to keep order, it is said, he opened fire on the officer, who returned the fire. A bullet went almost through the body of the young man and he expired in a short while. At a preliminary hearing the jury returned a verdict justifying Carden in the killing.

Cannot Be at Launching.

Philadelphia, Sept. 28.—Governor Vardaman, of Mississippi, has written a letter to the William Crump ship and engine builders saying that either he nor his staff will be able to attend the launching of the battleship Mississippi on Saturday next owing to the prevalence of the yellow fever. Senator Money, who is in Washington, D. C., will represent the state at the launching. Miss Money will christen the vessel.

MANILA IS SWEPT BY TERRIFIC STORM

Typhoon Wrought Considerable Damage in Philippines.

GUNBOAT SUNK IN THE HARBOR

The Authorities at Washington Receive Official Dispatches Describing the Storm Which Was the Worst One to Visit that Section in Years.

Washington, Sept. 28.—The military secretary has received the following cablegram from General Corbin, commander in the Philippine division, regarding the typhoon of yesterday at Manila:

"Manila, Sept. 27.—The worst storm of years obtained here yesterday, passing during the night. Considerable damage was done by the unroofing of buildings. The post at Malahi is reported totally destroyed. Further reports when facts are known."

The following cablegram also has been received at the navy department from Admiral Reiter, commanding the Asiatic fleet:

"The Leyte, which was out of commission, was sunk in the harbor and lost in the hurricane of Sept. 27."

The Leyte was a gunboat of 150 tons and 125 horse power. She was one of the vessels belonging to Spain and which were taken in possession of by the navy at the close of the war. She was in bad condition.

The post at Malahi referred to by General Corbin, is 31 miles from Manila, in Laguna province. The garrison consisted of four companies, E, F, G and H, Sixteenth infantry, according to the last reports received at the war department. There is also a military prison at Malahi.

Prominent Cuban Disappears.

New York, Sept. 28.—The police were asked last night by the family of a wealthy Cuban merchant residing in this city, to send out an alarm for Dr. Armado De Armas, of Havana, described as secretary in the terasury department of Cuba and a nephew of President Palma. De Armas cabled Mrs. Arrostegen, an aunt living here, that he would sail from Havana last Saturday and asked his aunt to meet him at the pier. The steamer docked in Brooklyn but when Mrs. Arostegen reached the pier all the passengers had landed and De Armas could not be found. His name was on the passenger list, but Mrs. Arostegen says the ship's officers did not know positively that he had came north with them.

Taft Arrives at San Francisco.

San Francisco, Sept. 28.—The Pacific Main Steamship company's liner Korea, Captain Zeeder, arrived today from the Orient beating the trans-Pacific record by several hours. Among her pasesngers were Secretary of War Taft and most of the members of a party wheih left with him for the Far East on the Manchuria on July 8 last. the Korea sailed from Yokohama on Sept. 17 and came direct to this city, omitting the usual stops at Honolulu. The best time for this passage was made by the same vessel which held the previous record of 10 days and 15 minutes. On this trip she has covered the distance in a little over 10 days flat.

Mysterious Death of Swede.

Keanee, Ills., Sept. 28.—John V. Streed, vice president of the Swedish American league, and a prominent attorney is dead as the result of a mysterious shooting, and it has not yet been determined whether it was murder or suicide. His body was found late last night near his home with a bullet hole in the back of the right ear. He died in a few minutes. There is no known motive, either for murder or suicide.

Murderer Commits Suicide.

Nashville, Tenn., Sept. 28.—A Jackson, Tenn., dispatch says John Fowler, the slayer of Dr. E. W. Rawlings, a few weeks ago, committed suicide today by hanging himself in the Charlotte, Tenn., jail. The killing of Dr. Ridings was a most sensational affair. Both men were prominent.

DESPERADO DEFIES OFFICERS.

Man Has Killed Several People and Is Still at Large.

Savannah, Ga., Sept. 28.—While Will E. Simms, heavily armed, stood in plain sight of a coroner's jury that found him guilty.

Ellabell is in Bryan county, 24 miles from Savannah, and that vicinity is in a state of terror because of the acts of Simms, a white desperado, who has already killed two men, has notified others that he will kill them on sight, and, who, for the last three weeks, has openly defied the officers of the state and county, being, it is said, sheltered and supplied with ammunition by relatives and openly-levied contributions of food and money from various persons of the community, enforcing compliance with his wishes at the point of a winchester.

Tuesday a coroner's jury deliberated upon the death of a negro, the latest victim of Simms. The murderer was so near the scene and so well posted as to the proceedings that before a verdict had been reached, he had addressed an open letter to all who against him, defying them to do their worst ,and invited them to come in the woods and look for him.

Georgians Charged with Peonage.

Columbus, Ga., Sept. 28.—W. A. Johnson, owner of a turpentine still in Webster county, and J. D. Skipper were arraigned before Unite dStates Commissioner Brown charged with having kept Arthur Williams, negro, in a state of peonage. The hearing will be concluded today. The two defendants gave temporary bond. Williams left the Johnson turpentine still where he had been working in June, and was arrested at Cusseta, Ga., on a charge of jumping a contract. He returned, the case was settled before a magistrate, the warrant was withdrawn and he went back to work. He left again later. In the summer another warrant was issued against him on the same charge. He was arrested again at Cusseta, and the misdemeanor case against him will be tried at the next term of Webster superior court.

Eight Cents Enough for Cotton.

Lodon, Sept. 27—C. W. McAra, president of the Master Cotton Spinners' association of Great Britain, replying to a statement made by S. S. Dale, who represented the New England Cotton Spinners and Manufacturers' association in the last international cotton congress at Manchester, declares that Mr. Dale misrepresented the attitude of the congress respecting the consumption of raw cotton. The congress, Mr. McAra says, had no desire to interfere with their legitimate profits and had no objection to the fluctuation brought about by a small or large yield. As a matter of fact, the growers would be well rewarded in an ordinary season in a return of 8 cents per pound.

Abetted in Brother's Suicide.

Darlington, S. C., Sept. 28.—The grand jury has rendered the following presentment: "We present Pegram Dargan for aiding and abetting Robert Keith Dargan in taking his own life, by procuring and giving to his brother, Robert Keith Dargan, carbolic acid and other drugs with which he took his life on the 11th day of July, 1905, in Darlington, S. C. We offer as witnesses J. N. Clanton, G. B. Edwards, J. S. Floyd and J. K. Doyle." R. K. Dargan was president of the Independent Cotton Oil company and of the Darlington Trust company, institutions which have recently failed. Dargan committed suicide in July by taking poison.

School Lands Are Abandoned.

Portland, Ore., Sept. 28.—A dispatch to the Oregonian from Salem Oregon says that as a result of the vigorous prosecution of land fraud cases in this state about 20,000 acres of school lands situated in the Blue Mountain forest reserve in eastern Oregon has been abandoned by locaters who forfeited in the neighborhood of $10,000. According to the Oregonian's correspondent, it is assumed that in most of these instances the land had been located by "dummies" and that the persons who provided the money became frightened and quietly abandoned all the claims at the same time making no effort to recover the money invested.

THIRTY PEOPLE ARE INJURED IN WRECK

Fast Train Leaves the Track on a Sharp Curve.

NO ONE REPORTED KILLED

The Baggage Car Jumped the Track and Caused the Wreck of Train—All the Passengers Were Injured, Some of Them Seriously.

Durango, Colo., Sept. 28.—News has just reached Durango of the wreck of the eastbound Rio Grande train at a point between Dolores and Dolores 2 miles west of the latter place. The train was taking a sharp curve when the baggage car left the track, taking with it both passenger coaches, which were overturned and all of the passengers about 30 in number, were badly bruised and shaken up.

Many of them are badly injured.

Messengers were dispatched to Rico with news of the wreck and an engine and several freight cars were at once sent to the scene.

The injured were taken to Rico where medical attention could be obtained. The wounds of the injured were carefully dressed and they were brought to Durango and sent to Mercy hospital. Following is a list of the most seriously injured:

Mrs. M. J. McMillan, Pittsburg, Pa., back and hip injured.

J. Lansing, traveling man from Nebraska, severe injuries in the back.

Mrs. Edward Lockett, of Durango, back injured.

Mrs. Jennie Weigall, of Cortez, severely injured.

Miss Nellie Bank Telluride, partially paralyzed.

Miss Ruth Shelby, Telluride, face and head badly bruised.

Jack Montgomery, leg broken.

Empress Eugenie Sells Estate.

New York, Sept. 28.—According to a Bordeaux paper says a Herald dispatch from Paris, the Empress Eugenie has sold lumber merchants of Bordeaux her estate at Soliferino. This landed estate consists of 36,000 acres and was created by Napoleon III in 1857, at a time when there was a great rise in the value of land in that department. Development of that district dates from that period owing to the fine roads made, the clearing of forests and the system of irrigation farms. The estate constitutes by itself the entire commune of Solferino. There is considerable timber on the estate. The price is said to have been several million francs.

Postmasters Hold Meeting.

Dayton, O., Sept. 28.—The annual convention of the national association of postmasters opened here this morning with an address of welcome by mayor Snyder to which Postmaster William E. Hull, of Peoria Ills., president of the association responded. An informal reception occupied the early hours and the delegates settled down to business this afternoon. The convention will session for three days.

Rockefeller is Eulogized.

Cleveland, O., Sept. 28—Several hundred representative men of Cleveland called upon John D. Rockefeller at his home in Forest Hill, and through Andrew Squire, a prominent attorney and L. E. Holden, proprietor of the Cleveland Plain Dealer, expressed to Mr. Rockefeller their esteem for him as a citizen and as a great business man. The gathering included merchants, lawyers, clergymen, educators and men in humbler walks of life.

Linevitch Remains in Manchuria

Gulzyadani, Manchuria, Sept. 28.—A recent order of General Kiaevitch to the army leads to the conclusion that he will spend the winter in Manchuria. Drills and target practice will continue and games will be organized to keep the men occupied. The commander in chief says it is imperative that superior officers and regimental commanders give their personal attention to this matter.

NEW PUBLIC LANDS TO BE OPENED SOON

Vast Tracts of Fine Sugar and Rice Lands to be Given Away.

WILL BE ENTERED OCTOBER 15

Indications are That There Will be a General Rush, as Inquiries Have Been Coming for Several Months. Land Fine for Rice and Sugar-Cane.

Register Robinson and Receiver Chubb of the United States land office have received notification from the general land office at Washington that on October 15th of the present year plats of the resurvey of margin of Lake Okechobee, Florida, in the following townships will be filed in the United States land office at Gainesville, and will be subject to homestead entries.

The plats as furnished by the general land office are as follows: 37 S., 34 E.; 37 S., 36 E.; 38 S., 36 E.; 37 S., 35 E.

These lands are among the most fertile and best adapted to the culture of sugar-cane and rice in the United States, and already indications are that there will be a big demand for them, as inquiries have been coming in the land office here for several months.

South Florida, especially the country bordering on and which has been drained from Lakes Okechobee and Kissimmee, is destined to become the leading sugar producing country of the United States, and probably of the world, in proportion to area. It will be remembered that for years since Lake Kissimmee and its tributaries were drained by the Disston Land Company, when millions of acres have been cultivated in sugar-cane and rice, the influx to that section has been steady and profitable, and the planters today of that section as a rule are prosperous and contented. The opening of this land in the Okechobee section means the same thing, and it is safe to say that within the next few years Florida will be supplying the markets of the world to a large extent with syrup, sugar and rice.

BIG TURPENTINE DEAL.

Yearwood & McDonald of Melrose Have Sold Their Interests.

Papers have been filed with the clerk of the circuit court of this county transferring the immense naval stores interests of Yearwood & McDonald, Melrose, to the Melrose Manufacturing Company, the consideration being "$10 and other valuable considerations."

This is one of the largest and most important naval stores deals made in this county for some time, as Yearwood & McDonald were extensive operators. The deal comprises not only lands in Alachua, but in Putnam, Clay and Bradford counties as well, and in the aggregate embraces several thousand acres of fine round timber.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Death of Miss Ennis.

Miss Daisy Ennis died at her home on East Arlington street Thursday morning, after an illness of several months with consumption, and was interred in Evergreen cemetery Thursday afternoon, Rev. S. B. Rogers of the First Baptist Church officiating. Deceased is survived by a mother and three sisters, to whom the sympathy of friends is extended.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CONSUMPTION

GUARDS GETTING READY.

Are Drilling Three Times a Week to Prepare for Encampment.

Captain Layton and Lieutenants Blanding and Graham of the Gainesville Guards are putting the company through preparatory to attending the encampment of the Second Infantry, Florida State Troops, which will be held in Orlando for ten days, beginning October 5.

The members of the company are manifesting a great deal of interest in their work, and are determined to go to the encampment the most efficiently drilled company in the regiment, if hard work and enthusiasm count for anything.

The prospects are that Captain Layton will take a fine company to Orlando, and one that will be a credit to the city and regiment.

Eartquake at Hisingen Island.

Gothenburg, Sweden, Sept. 28.—A severe earthquake was felt at 1:30 p. m. yesterday at Lnuby, Hisingen island. It cracked the walls of houses and fissured the surface of the ground. Subterranean rumblings were quickly distinguished by violent rocking of the houses, the splitting of inner and outer walls, driving the inmates to seek safety in the open air. In many places fissures a foot wide were opened up while the level of the ground in the eastern part of the island sank appreciably. The disturbance lasted a minute.

Accidentally Killed Nephew.

Swainsboro, Ga., Sept. 28.—At his home at Summit, this county, Mr. Williford shot and killed his 13-year-old nephew. Mr. Williford claims the shooting was accidental, and says that he was shooting a pistol out of the window of his home when the boy accidentally passed in front of the weapon. The child was killed instantly. It is understood that Mr. Williford has not been arrested.

Model Wives.

In a wedding sermon entitled "The Rib Restored," preached in St. Dionis Back church, Fenchurch street, in 1655, by Richard Meggot, afterward dean of Salisbury, the preacher thus defined a good wife:

"A help she must be in her family, being not only a wife, but a housewife—not a field wife, like Dinah, nor a street wife, like Thamar, or a window wife, like Jezebel, but a housewife."

And another preacher about the same date, the Rev. Simeon Singleton, said that a wife should be at once like and unlike three things. "First, she should be like a snail, always keep within her house; but she should not be like a snail, carry all she has upon her back. Secondly, she should be like an echo, to speak when she is spoken to; but she should not be like an echo, always to have the last word. Thirdly, she should be like the town clock, always keep time regularly; but she should not be like the town clock, to speak so loud that all the town may hear her."—T. P.'s London Weekly.

Patiently Wait For Her.

A Missouri contemporary rises to remark: "Once I was young, but now I am old, and I have never seen a girl that was unfaithful to her mother that ever came to be worth a one eyed button to her husband. It is the law of God. It isn't exactly in the Bible, but it is written large and awful in the miserable lives of many unfit homes. I'm speaking for the boys this time. If one of you chaps comes across a girl that, with a face full of roses, says to you as she comes to the door, 'I can't go for thirty minutes, for the dishes are not washed yet,' you wait for that girl. You sit right down and wait for her, because some other fellow may come along and carry her off, and right there you lose an angel. Wait for that girl and stick to her like a bur to a woolly dog."—Kansas City Journal.

Playing Her Cards.

Tommy—May I stay up a little longer? Ethel—What do you want to stay up for? Tommy—I want to see you and Mr. Green playing cards. Mr. Green—But we are not going to play cards. Tommy—Oh, yes, you are, for I heard mamma saying to Ethel that everything depended on the way in which she played her cards tonight.

His Past and His Present.

"What do you know about his past?" asked Mabel.

"Just enough to make me a little suspicious about his present," said Maud, examining with a magnifying glass the diamond ring the young man

DR. STROUSE IS DOING GOOD WORK.

Delivered Fine Sermon in Bowling Green, Kentucky.

NEXT WINTER'S PROGRAM

This Distinguished Divine Writes That He Has Used Precaution, and Has Selected Finest Program for Gainesville Ever Seen in Florida.

Rev. Clarence B. Strouse has been working with religious effect in Bowling Green, Ky., as shown by the following from a recent number of The Daily News of that place:

"One of the most eloquent, earnest and forceful sermons ever preached in this city was the one Rev. C. Strouse delivered at the State Street Methodist Church yesterday morning before a congregation that literally packed the main auditorium, the Sunday school rooms and the platform. It was forceful throughout—not a word or sentence that bordered on the mediocre—and was listened to intently by the large congregation in attendance. There is no sort of doubt of the ability of this young divine, and it is not to be wondered at that he has had such a potential influence in religion wherever he has been, and such a man always has a large following and exercises great influence."

Dr. Strouse writes a friend here that he expects to engage in evangelistical work in St. Paul, Minneapolis and New Jersey cities and Boston before returning to Gainesville, which will bring him here early in December.

Dr. Strouse concludes with the statement that he has used a great deal of precaution in selecting a Bible Conference and Chautauqua program, which will be the most thorough and complete Florida has ever had.

LUMBER MILL SOLD ON NEWNAN'S LAKE

J. A. Maultsby Sells Big Cypress Plant to New York Parties.

TIMBER WAS SOLD ALSO

The Tract Involves Several Thousand Acres of Fine Cypress Timber, Which is Among the Best in the State—Deal May Mean Big Thing.

Another important deal has been made in this county which means the transfer of many thousands of dollars. J. A Maultsby has sold to the Sea Coast Lumber Company, a rich corporation organized under the laws of the State of New York, the saw mill plant, together with all the timber rights of same, of the business situated on Newnan's lake, near Fairbanks.

This mill, while not as large as many, is one of the most modern and up-to-date in the State, cutting cypress timber exclusively. The plant, which is comparatively new, having been erected about two years ago, has a capacity of about fifteen thousand feet per day, and works a large number of hands at the mill and logging camps.

The consideration of this deal as filed in the office of the clerk of the circuit court provides a payment of "$10 cash and other valuable considerations," but it is known that the deal involved thousands, as the acreage in timber alone is extensive.

It is understood that operations at the mill will be unmolested, the new proprietors carrying the business on without the loss of a day.

Newnan's lake swamps abound in the finest kind of cypress, and there is no determining just what this purchase may mean to that section at this time.

DOCKET WAS HEAVY.

Levy County Had Lots of Legal Business at the Term Just Closing.

Notwithstanding that the docket of the circuit court of Levy county, both civil and criminal, has been larger the present term than for several years, the court is making fine progress and will succeed in disposing of many cases before the closing of the term. This congested condition of affairs was caused by the fact that at the spring term Judge Pinnell, who had a great deal of business with the court, was ill, and it became necessary to postpone many cases. These cases naturally took precedence at this term.

Only one week is provided for the fall term of the circuit court for Levy county, owing to the fact that time is limited, the fall term opening in Baker county, at Macclenny, Monday.

Solicitor Calhoun has been quite busy during the week in the grand jury room. He was ably represented in the circuit court room, however, by Judge Syd L. Carter, former State's Attorney, and one of the most competent lawyers in the State.

Members of the bar from Gainesville who have had occasion to attend the session of the Levy county circuit court state that the court is making excellent progress, having disposed of quite a number of cases. Among these were a few cases of selling liquor in a dry county.

The fall term of the court at Bronson must adjourn tomorrow night, as Circuit Judge Wills and Solicitor Calhoun must be in Macclenny Monday.

Alachua county has the advantage of the longest term in the circuit, since this is the last county in which a term is held.

Prominent Visitor Here.

Among the prominent South Floridians visiting this city is Hon. T. B. Lanier of Tavares, for many years supervisor of registration of Lake county, and one of the most widely known men in the county. Mr. Lanier came on business connected with the United States land office.

Mr. Lanier is possessed of the best nature in the world, and at the Fourth of July carnival "the boys" clubbed together and elected him as being the homeliest man in South Florida, the prize being a box of fine cigars. He enjoyed the situation as much as any of his friends, and demonstrated that everything was satisfactory by distributing the cigars among those who were responsible for his election.

Mr. Lanier states that the farmers and horticulturists in Lake are in good condition, and that the prospects are good for the heaviest production of oranges since the big freeze of 1895.

Writ of Extradition Issued.

Ottawa, Ont., Sept. 28.—The writ for the extradition of Gaynor and Greene will probably be issued tomorrow unless some further method of delaying the proceedings can be discovered. The report of extradition commissioner recommending the issuing of the warrant and all other papers in the case, are before the department of justice. The writ of extradition is now ready for the signature of the minister, Mr. Fitzpatrick, who is in Quebec today, but will be here tomorrow. It is expected the warrant will then be signed and the men delivered up to the United States officers.

DARING BRAVERY.

An Exciting Incident in the Career of John Paul Jones.

Whitehaven was a town of considerable importance, writes Cyrus Townsend Brady in the Metropolitan Magazine. It had a population of 50,000 people, and several hundred vessels of all kinds were in the port. Two forts commanded its harbor, but John Paul Jones believed largely in the value of the unexpected and by 3 o'clock in the morning was making for the place with two cutters manned by fifteen men each armed only with pistols and cutlasses. One of the cutters, in command of Captain Jones himself, made directly for the town, and the other, under command of Lieutenant Wallingford, pulled for the shipping docks on the opposite side of the harbor. Jones landed quietly just as the first streaks of dawn were tingeing the east and, leaving one man in his boat, set out at a run for the nearest fort. Gallantly scaling the walls, the party fell upon the small garrison and made them prisoners without firing a shot. After spiking the guns Jones locked the English soldiers in their own guardhouse and set out at a run for the other fort, half a mile away.

But during all this time there was no sign of the work of Wallingford, not a spark of light or a cloud of smoke to show that that officer was doing his part of the work. Not until Jones had reached the other fort and spiked the guns did he learn that Wallingford had abandoned the attempt because the match which he carried for the purpose had gone out.

It was broad daylight, and here and there were signs of activity in the houses near the docks. Captain Jones had no time for delay. He boarded a large vessel and with his own hands kindled a fire in her steerage. Upon the flames he threw straw and hatchway gratings; a barrel of tar completed the work.

In the meanwhile the gathering of townfolk had increased until the crowd had become a frantic mob, which was now threatening the men and the landing place. Seeing that he could do no more, Jones went ashore and, drawing his two pistols, went down to face 1,500 people. He was not a large man, but there was something in his face to supply the deficiency of majesty in stature. He swayed the mob with his pistols as a summer breeze moves a rye field. He reached the cutter and easily held the infuriated people at bay until the fire was well started and his men were safely seated in their cutter. After that he entered the boat and was pulled away.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Curious Bird Habits.

It is a well known fact that if the young of almost any kind of bird are taken from the nest before they can fly the old ones will feed them attentively if the cage in which the little birds are inclosed is placed somewhere where the parents can reach it, and a popular but erroneous belief is current that they do this for a time, and end by poisoning the young ones. This, however, is a mistake, the fact being that at a certain stage of a young bird's existence, when it is naturally able to begin catering for itself, the parent birds, also quite naturally, cease to attend it, and then, if the birdlings are shut up in the cage and their custodian has not thought of placing some food at their disposal they necessarily die, not from poison administered by the parents, but from starvation.

The Storthing.

Norway's legislative body is known as the storthing, which means the "great court" and should be pronounced to rhyme with "courting." The second part of the word is identical with the English word "thing," as the Scandanavian languages, in common with Anglo-Saxon, have the same word for "thing" and "council." In modern English a trace of the second sense survives in the word "hustings," which came to mean the public platform upon which a candidate appeared at election time, though originally the "husting" was the council at which the candidate was elected, the "house-thing" or house council.

Bermuda onions are said to be a most excellent vegetable for the East Coast, especially the lower part of Brevard county and all of Dade county.

During a storm at Levyville one day last week much damage was done to turpentine timber and cane crops. It took the top from Leroy Woods' house and destroyed several fences.

Oxford debaters will give a pyrotechnical display of verbs, adjectives, etc., Friday night, on the subject: "Resolved, That old bachelors should be taxed to support old maids."

It is reported that quail are so numerous in the vicinity of Cutler and Homestead that planters have to protect their tomato seed beds to prevent them being destroyed by the birds.

Drexel Husband, a seven-year-old boy of Clermont, fell between the cars in trying to jump on the tender of a locomotive, and had one leg crushed so badly that amputation was necessary. He died from the shock.

The Tampa Bay Hotel injunction case, brought by Attorney McNamee, has been dissolved, on the grounds that the court cannot interfere with the discretionary powers of a municipal body. The next will be the sale of the electric plant of the hotel.

The Sanford militia has elected the following officers: Captain, J. W. Young; first lieutenant, Claude Herndon; second lieutenant, C. H. Evans. Some seventy young men have signed as members and the organization will be effected as rapidly as possible.

The editors of Tampa were invited to look over the work done by the sanitary department in that city a few days ago. On his return to the office one of the editors spied the office towel standing in a corner and he ordered the "devil" to consign it to the cremator at once.

The house and barn owned by H. M. Heiskel at Sylvan Lake was burned to the ground on Saturday morning. The fire caught in the roof by sparks from the chimney. The occupants of the house worked hard to extinguish the flames, but succeeded only in saving some of the contents. The house was partially covered by insurance.

At a meeting of the Washington County Commissioners it was decided to call an election on October 17th, to decide whether the court house will remain at Vernon or be moved to some other place. Vernon and Chipley are at present the contesting towns, and a lively canvass is just commencing. The prosperous town of Chipley has opened up a vigorous campaign against Vernon, offering a large donation to build a new court house and equip it in an up-to-date style.

Col. J. G. Jordan of Macon, Ga., went to Jacksonville Tuesday. Mr. Jordan is a prominent lawyer and a joker. In conversation with a lady he said he came from Pensacola and had no trouble in passing the quarantine. The lady felt uneasy about the matter and finally she informed the health board, which got uneasy. The detective force and several others got uneasy and commenced to hunt for Mr. Jordan. He was finally found, and when he appeared before the august health officer declared it was a joke; he had not been at Pensacola, and apologized in a most becoming manner. Moral: Don't joke about yellow fever in Jacksonville.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Tragedy in Nashville, Tenn.

Nashville, Tenn., Sept. 28.—Shortly after noon today Chas Denton, a well known real estate man, was shot and almost instantly killed by E. R. Horn, a wood finisher. Horn fired three times, one bullet striking Denton just above the heart and another penetrating the left lung. Horn stated he shot Denton in self-defense. It is understood that the trouble grew out of Denton's treatment of Horn's sister. Horn said that while talking over the matter with that while talking over the matter to draw a pistol, but no pistol was found on Denon after his death.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhœa, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

FEAR THE "YELLOW PERIL."

Russia and Germany Will Attempt to Stem the Danger.

New York, Sept. 28.—While the visit of the German emperor is stated to be in connection with the coming peace conference at the Hague, the real object of the Russian statesmen interview with Prince Buelow Baron Reichthoffen and Emperor William, is to arrange, declares a Herald dispatch from Berlin, some joint policy to stem the danger of christened the "yellow peril" in the Far East.

According to a Times dispatch from Berlin the Tageblatt today asserts that the purpose of the recent visit of the Japanese minister to Chancellor Von Buelow was to request an explanation of Emperor William's reported remarks regarding the "yellow peril" to the visiting American congressmen. It is stated that the Japanese minister went away satisfied.

Fire Visits Colon, Panama.

Colon, Tuesday, Sept. 26.—A terrific fire started in Bolivis street, near the railroad buildings last night. Several valuable properties were destroyed. The fire was extinguished this morning. More than 20 houses, were destroyed. The railroad property is in tact. All the Panama government offices and lease buildings were burned to the ground. Hardly anything was saved. A conservative estimate places the damage done at $50,000.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

Tried to Blackmail Governor.

Cleveland, Sept. 28.—Governor Myron T. Herrick went before the Cuyahoga county grand jury to give evidence upon which will be sought the indictment of a Chicago woman who is accused by the governor of attempting to blackmail him. The governor was accompanied to the grand jury room by a Chicago detective, who, it was stated, had been at work on the case. Governor Herrick declared that the woman had persistently attempted to blackmail him for several years.

One thing the yellow fever case in Tampa has taught the authorities of that city, and that one thing is, "keep clean."

While the farmer's wife sits quietly by the window and darns his sock, the farmer looks out of the window at the rain and darns the weather.

A Kansas minister who says he does not care to profit by the mistakes of others, refuses to accept a fee for performing marriage ceremonies.

Now that the war is over, Russia has again opened up her Siberian trade. Three hundred men were transported recently to that country to escape the rigors of the approaching winter.

There is one consolation the beef trust has that is proving very satisfactory. For every fine they pay for violation of the law, the price of meat is raised, so "the people pay the freight."

The railroads running to this city have got the hurry-up habit on, and when your freight arrives you must hustle off their property. If they would only make the same hustle in getting goods to this station, it would be all right.

James Bellows McGregor of North Newport, N. H., is 104 years old and has been a life-long Democrat. He was out raking hay a few days ago. He says he never wanted to hold office and that may be the reason why he has always adhered to Democratic principles.

Sheriff Connell and Deputy Granger are kept busy these days looking up the various offenders. They are very successful too, and the law-breakers are getting pretty tired of trying to escape them. Few counties in Florida have more faithful officers than Alachua.

Thomas Watson, the noted Georgian, has purchased a home in Thomasville, and will make it his home. Perhaps we will see the Democratic party sees how much Tom Watson gets in with the Georgian people.

Mr. Bryan, apropos of his trip with Governor Folk from that state, says William Jennings Bryan is in favor of "reasonable, fair, but effective and permanent legislation, particularly stopping the same in transacting business among nations as it is in trading among individuals. It may react more slowly but reaction is just as certain."

FLORIDA COLLEGES.

With this week and next the higher educational institutions of the State will nearly all of them have opened their doors for the first semester of the school year, and judging from observation, the attendance at all of these places of learning will be larger than in years past. There are one or two new schools that will open with a very flattering prospect, and the older ones show healthy gains.

There are many people who are of the opinion that their children must be sent to some older schools to acquire an education, when it is often the case that the schools of smaller size devote more time to students while in their charge than the old established colleges.

There may be several excuses advanced for sending boys and girls to some of the established schools, being of the opinion that the discipline is more strict, and this may be true in regard to some of the older military schools; but if an education is desired, it can be had at the State University or State Female College, and the faculty at either one will compare with any of the schools in the South.

There are to be found in the Florida colleges instructors of experience in the best schools of the North and South, and if you are searching for a denominational institution in which to place your young ladies and gentlemen, they are to be found in Florida of the Presbyterian, Methodist, Baptist, etc., and all of them supplied with faculties that are calculated to make them a power along these lines in the matter of education.

Don't send your young people away when you can do as well at home.

NO RATE CONTROL.

It is currently reported that the President is now satisfied that Congress will not give effect to his desire to enlarge the powers of the Interstate Commerce Commission in the matter of enforcing its conclusions regarding the reasonableness of railway rates. And it seems quite evident that Congress will also balk on tariff regulations, and so two pet reforms that the President had set his heart on have come to naught already, unless all signs fail. This result surprises no careful student of the times and conditions. Such students have believed that in the final show-down in the game of supremacy played between government and the great capitalistic powers, the last, intrenched in railroads, trusts and tariffs, will win.

Railway legislation is to be limited to the matter of discrimination—a very important matter, by the way, for in its results it is the most vicious of all railway practices. But legislators have taxed their ingenuity many times in the past to prevent discrimination, but without avail, and there is but little reason for hope that they will be any more successful hereafter. Anti-discrimination legislation does not disturb railways at all; but the thought of rate control in any form by the government throws them into a fever.

Before Sheriff Pickett of Jacksonville had hardly breathed his last, a lot of office-seeking vultures were seeking after his place. But it will not be an easy matter to name a better man for his successor, and the people of Duval county, who favor law and order, will mourn his loss. Fearless in the right, he had won the esteem of all good citizens.

Carlton, the bigamist who appeared in court in New York City on Monday, and who had more wives than Brigham Young ever did, on being questioned said: "I suppose I'm married." He got thirty-five years to meditate over the matter.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

HEAVY DAMAGES ASKED.

There was a suit begun in the superior court at Chicago, on Tuesday, September 26th, for $250,000 damages against the Curtis Publishing Company, publishers of The Ladies' Home Journal. Samuel B. Hartman of Columbus, proprietor of the Peruna Medicine Company, is the plaintiff in the suit.

In the August issue of The Journal the declaration says that an advertisement of the Peruna Company contained a testimonial from Congressman George H. White of North Carolina. In the next issue of the magazine, the declaration alleges that the testimonial was reprinted, but with it was a signed denial from Congressman White that he had given the testimonial to the medicine company. This denial, Hartman alleges, was secured through a misunderstanding, as Congressman White, it is said in the declaration, signed the original testimonial.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

ANIMALS AS DESPOTS

TYRANNY OF THE PAMPERED SACRED BEASTS OF ASIA.

In Benares the Person Who Ill Treats a Monkey Runs the Risk of Being Torn to Pieces—How the Holy Bull Victimizes the Boxar Man.

Readers of Kipling's "Kim," which gives a better picture of Indian life than anything else in print, may recall how the hero first begged on behalf of the Tibetan yogi. The bazaar woman to whom he gave the begging bowl cried:

"'That bowl, indeed! That cow bellied basket! Thou hast as much grace as the holy bull of Shiv. He has taken the best of a basket of onions already this morn, and, forsooth, I must fill thy bowl. He comes here again.'

"The huge, mouse colored Brahmanee bull of the ward was shouldering his way through the many colored crowd, a stolen plantain hanging out of his mouth. He headed straight for the shop, well knowing his privileges as a sacred beast, lowered his head, and puffed heavily along the line of baskets are making his choice. Up flew Kim's hard little heel and caught him on his moist blue nose. He snorted indignantly and walked away across the tram rails, his hump quivering with indignation.

"'See! I have saved more than the bowl will cost thrice over. Now, mother, a little rice and some dried fish atop—yes, and some vegetable curry.'

"A growl came out of the back of the shop, where a man lay.

"'He drove away the bull,' said the woman in an undertone. 'It is good to give to the poor.'

"Kim looked at the load lovingly.

"'That is good. When I am in the bazaar the bull shall not come to this house. He is a bold beggarman.'"

Indeed, he is, and he is only one of many. The people of India, like those of other Asiatic countries, are the slaves of their sacred animals. There is no tyranny more outrageous than that of the animal despots of Asia.

An English globe trotter of my acquaintance was being shown the sights of Benares, the most sacred city in all India, some years ago. As he passed through one of the narrow, crowded streets of the bazaar he met a huge white Brahmanee bull stalking along as if the whole city belonged to him, brushing people aside right and left, and pushing his nose unhindered into the baskets of grain, rice and country produce which were displayed outside the little native shops.

It was exactly the kind of scene described so well in "Kim."

The bull and the Englishman met in the narrow pathway—"sidewalk," it would be called here, but in India sidewalk and road are usually indistinguishable. Neither would give way, for both belonged to an obstinate, self assertive race. The bull tried to push past. The Englishman hit him a smart rap on the nose.

"Get up, you brute!" he cried with an enforcing oath.

In a moment the bazaar was in an uproar. The natives, who, a moment before, had cringed servilely to the sahib, now crowded around him, with the passion of murder in their hearts. They pelted him with dirt and stones, called him all manner of vile names (more numerous, surely, in India than anywhere else on earth) and threatened most plainly to kill him. Was he not an infidel dog who had struck the sacred bull? Death by torture was surely too good for him. He would bring a curse on the city. The famine and the plague would come. Their wives would be childless.

So the talk ran excitedly from man to man. The tumult grew. The angry mob increased to thousands. Had it not been for the opportune arrival of a police patrol of stalwart Sikhs—regally scornful of Hindoo gods, and ever on the watch for such incidents as this—the globe trotter would certainly have paid with his life for his ignorance of Hindoo ideas as to the sacredness of sacred animals.

Such riots as this are common enough in India during the winter tourist season, and it is indeed marvelous that many Americans and Englishmen are not slain. The trouble occurs especially in Benares, the most fanatical city in the empire, and possibly in the whole world. The Hindoo Mecca, as it has been called, is the headquarters of Brahmanism and the chief stronghold of the animal worship which distinguishes that cult. There are sacred animals all over India, but nowhere else are there so many of them as in Benares, and nowhere else are they held in so much reverence and allowed so much license.

Anglo-Indians are often contemptuous of natives and native superstitions, but no Anglo-Indian would care to strike a sacred bull in Benares. Kim did it in Lahore. In Benares it would be exceedingly unwise even to swear at the holy beast in the presence of natives who might understand the oaths.

"The bulls are especially sacred," wrote Professor James Ricalton in a letter to the author of this article, after he had just returned from a tour of India, in which he secured some extremely interesting photographs of various sacred animals. "They line the sidewalks of the city, enter sweetmeat and grocery stores and help themselves to the choicest articles without hindrance. They enjoy the freedom of every city. If a bullock chooses to lie down in a narrow lane where he fills the entire space, no pious Hindoo will pass that way while the sacred beast is taking his rest.

"The indulgence extended to these zebu bovines is wonderful. They enter the most sacred precincts of the temples. They are so pampered with dainties and luxuries that they become burdened with fat."

Although the Brahmanee bull is the most sacred animal in India, he has many competitors. There are more gods than worshipers in India. Beast worship seems to be natural to the Hindoo, and it is certainly one of the foundation stones of Brahmanism. Followers of the purer forms of that faith may say that the sacred beasts are only symbols and not gods, but a religion must be judged by the effect which it has on the mass of its devotees. The monkey, the crocodile, the crane, the ibis, the cobra and other serpents are among the creatures that share with the bull the reverence of the people, if not their worship. Benares is the headquarters of all the numerous cults of Brahmanism that especially worship one or other of these sacred beasts.

One of the holiest places in Benares is the Doorga Khond, or monkey temple. The monkey comes next to the Brahmanee bull in order of sanctity. An English resident in the city assured the writer that anybody who killed or even ill treated a monkey would run a very good chance of being torn to pieces by the fanatical natives. That is not generally true of India, for I have seen monkeys killed there without any trouble resulting, but I believe it is true of Benares.

At the Doorga Khond hundreds of monkeys are kept as pets by the priests. They run about all over the place just as they please and are never caged or restrained in any way. As a consequence they are jolly, good tempered little fellows, quite unlike the savage, sulky brutes you see in an American zoo. It is a mistake to suppose that a monkey's nature is essentially vicious.

The temple is simply a large paved yard surrounded by high walls on which there are a lot of wooden boxes and houses in which the monkeys live. There is a big tank for the monkeys to drink from and swim in, if they choose to do so, and a huge banyan tree gives them all the gymnastic exercise they want. Visitors are welcomed, but they are expected to buy food for the monkeys from the priests at an exorbitant price. As soon as they get inside the monkeys mob them, climbing all over them, snatching the food from their hands and then scampering off to eat it in the banyan tree.

These monkeys and all of their kind—the grayish brown, short tailed common monkey of northern India—are supposed to be the descendants of Hunuman, the monkey god of southern India. According to the myth of the Brahmans, Hunuman aided Rama to conquer Ceylon by building a bridge of rocks from India to that island. His image is to be seen in most Hindoo temples in the form of a man with a black monkey's face and tail.

Sacred monkeys scamper along the streets and over the housetops in most Indian cities and villages. The shopkeepers are constantly worried by their foraging escapades, but they dare not resent them any more than those of the sacred bull. These monkeys are often the companions of the hermits and fakirs with which India swarms, and they are the chief part of the congregation in many temples where they are fed and protected.

Tanks in which sacred crocodiles are kept are attached to some temples in Benares. In former days they were fed with children and other human sacrifices, but the British government, though very indulgent toward native superstitions, will, of course, not allow that now. Some Anglo-Indians assert, however, that such sacrifices are still made on the sly. Whether this is true or not, it is a fact that many fanatical Hindoos would not kill a crocodile which had killed their wife or child.

Some Hindoos are unspeakably cruel to animals that are not sacred, but in general the faiths of India enjoin kindness to dumb animals as a religious duty. Buddhism does so most emphatically, for the whole tendency of its teaching, rightly given, is to make a man gentle and mild. The Parsees are noted for their kindliness to all creatures, man and beast, and they give largely out of their boundless wealth to the support of the Jain temples, which are perhaps the most delightful places in all India.

All the best elements in Brahmanism flock to the Jain cult as the needle flies to the magnet. The Jains recognize all the gods of the Hindoo creed, wear the Brahmanical thread and adhere to Hindoo caste law. Yet they are utterly unlike the average Brahman. They have agreed to ignore all that is vile in Brahmanism and to devote themselves to all that is noble. They reverence the sacred animals, but they give to the worship a practical twist by adoring all animals, all living creatures, and by making veterinary surgery at once their vocation and their religion.

Every Jain temple is a hospital for the lame, the blind, the sick and the maltreated among animals. The priests go around the streets of the crowded city picking up dogs with broken legs, cats that have been nearly starved to death and birds with broken wings. If they see an ass or a horse that is overworked and cruelly beaten, they will buy it from the brutal owner. All the animals thus rescued are taken to the temple grounds and tenderly and patiently treated and nursed back to health.

India is, of course, not the only oriental country in which animals are regarded as sacred. In almost all eastern lands, save those which are tightly in the grip of Islam, certain dumb creatures are the objects of reverence or of superstition, if not of actual worship. Siam's sacred white elephant—a curious superstition grafted upon a debased form of Buddhism—is the best known example, but dozens of others could be given.—William Thorp in New York Post.

BARON KOMURA STARTS HOME.

Japanese Envoy Has Left New York Homeward Bound.

New York, Sept. 28.—The return to Japan of Baron Komura, the Japanese peace envoy, began when he left New York for Montreal. In the party also were Baron Kaneko and Almar Sato, secretary to the peace envoy. The Japanese left over the New York Central railroad in a private car of Sir William Vanhorne, president of the Canadian Pacific railroad, over which lines they will be

BARON KOMURA.

transported from Montreal to Vancouver.

With Baron Komura went Dr. Pritchard who has attended the plenipotentiary during the attack of typhoid fever which recently prevented him from leaving for Japan on the date set for his return. The physician may go as far as Vancouver.

Baron Kaneko, acting as spokesman for Baron Komura, said:

"We are looking forward to a warm and cordial reception. All this talk about the Japanese people being displeased with the work of the peace envoy is very much exaggerated."

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 91 years old." J. W. McCollum & Co.

Treaty Satisfactory To France.

Paris, Sept. 28.—The Anglo-Japanese treaty is widely commented upon today. The official view is that the treaty is conformable to French interests. It is pointed out particularly that France does not seek territorial expansion in Asia and therefore the status quo provisions of the treaty carry out French policies. The officials are equally hopeful that the treaty may prove satisfactory to Russia, but there appears to remain some doubt as to Russia's complete acquiescence, although the explanations tend to remove Russian opposition.

Like Finding Money.

Finding health is like finding money—to think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better set promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Robbed of Jewelry in Depot.

Philadelphia, Sept. 28.—Mrs. Albert M. Markley, of Wayne, a suburb of this city, has notified the police that she was robbed of $4,000 worth of jewelry in the women's waiting room of the Broad street station of the Pennsylvania railroad. Mrs. Markley, who left a few days ago was a resident of New York, entered the waiting room and placed the satchel on the floor while she fixed her veil. When she went to pick up the satchel it was gone. There is no clew to the thief.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. Welch of Tekonsha, Mich., "and find it perfect." Simply unequaled for cuts, [illegible]

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of *Any Age*. Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES *TEETHING EASY*.

Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo.

Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.

Carter Fighting for Money.

Chicago, Sept. 28.—Attorneys for the federal government continued the cross-examination of former Captain O. M. Carter in the proceedings brought to compel Carter to turn over $500,000 to the national treasury. Twelve army chests filled with documentary evidence lined the walls of the room. Special Examiner Richard Wyman is taking testimony which later will be referred to United States Circuit Judge Kohlsaat for consideration. The funds in controversy are in the hands of the federal court awaiting the decision of Judge Kohlsaat.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

The Outlook at Pensacola Favorable. New Orleans Gaining.

Pensacola, Sept. 28.—Three cases developed up to noon today, with two deaths. From noon yesterday until 6 last night there were three cases and two deaths. Dr. Porter is anxious to have all cases of sickness investigated at once, so that no fever may escape.

At New Orleans.

New Orleans, Sept. 28.—From 6 p. m. yesterday until noon today 19 new cases and five deaths were the record. The total cases to date, 2,929; deaths, 379. The heavy rain that set in yesterday is still falling and there is much water about to interfere with communication.

WILL OBSERVE NEW YEAR.

Hebrews of Gainesville Will Appropriately Observe Occasion.

The Hebrews of this city announce their intention of appropriately observing the Jewish New Year, which, according to Hebrew chronology, will usher in the year 5666 since the creation of the world.

All Jewish stores will probably close this evening at 6 o'clock and will remain closed until Monday. Customers of these firms, however, will bear this in mind and do their trading before closing time tonight.

Volusia County "Dry."

At the election held in Volusia county on Wednesday, to decide whether local prohibition should continue in that county or not, the local option ticket won by a good majority. Daytona was the only "wet" town in the county.

Attention, Rebekahs.

The regular weekly meeting of Calfax Rebekah Lodge, I. O. O. F., will be held at the Masonic Hall this evening, at which a full attendance is desired. GERTRUDE CUSHMAN, N. G.
